

Tiszkeszi lies on the northern side of the Great Plain the ALFOLD .This area is divided by the Tisza.

This little vilage has 2689 people living permanently here.It lies on the right side of the river in a floodfree area 45km from Miskolc and 30km form Tiszajvaros.

The first written papers which mentions this area is from 1332 and the first hungarian tribes also lived around here.

Under the king St Istvan there were religous leaders and monks from the ABA tribe like Peter Ispan 1067 they founded the St Benedek monastry(Zasty)

This name still exist in one of the vilage streets.

In our vilage we have one kindergarden and 2 elementary school.In the grounds of both schools can find the sculpture of the namegivers to these,Szechenyi Istvan and Lorantffy Zsuzsanna.

On the other side of the river there are large fields which can be reached by small ferry operated by the local goverment.

The majority of the vilage people work at the local shoe factories like Benn Ross or Sala Moda,etc or at the local goverment offices and small co.s of about 80 in number.

Also many work at nearby towns like Mezocsat,Tiszaujvaros or Miskolc.
